

4 Day Clinic Schedule

1st Day Thursday

- 1pm – 5:30pm Evaluations: Be ready at your scheduled time, your horse should be warmed up and ready to make a barrel run at your current competition speed. 4 riders every 30 minutes, this is the time Charmayne uses to evaluate you and your horse and where you specifically need work. Dustin Cooksey (Equine Chiropractor) will be available to check your horse during this time, if you desire. Charmayne would like the Master Certified Equine Dentist to look at your horse's teeth at this time. If you want him to work on your horse's teeth, please check with Charmayne's assistant.
- 5:30pm (time approximate): Demonstration with Charmayne in the arena. (You do not need your horse for this portion of the clinic).
- 6:30pm: Dental Presentation - Master Certified Equine Dentist

2nd Day Friday (Times Approximate)

- 8am – 12:30pm: Drills; Working on Rate, Angles to Barrels, Spacing from Barrel, Working on Hands, Seat and Legs. And Axis Points (2 barrel or line drill). Everyone on their horses in the arena and warmed up. Bring longer or split reins for this portion of the clinic
- 12:30pm -1:30pm: Lunch; Note, schedule times will vary slightly
- 1:30pm: Barrel Pattern work. Split into 2 Groups for afternoon based on students or horses that need a break and horses that might be going for dentistry.
- 1:30pm – 3:30pm: Group 1 with Charmayne and assistants on the Barrel Pattern
- 3:30pm – 5:30pm: Group 2 with Charmayne and assistants on the Barrel Pattern

Throughout the day the students who choose to get dental or chiropractic work can do so after checking with Tami Flock.

3rd Day Saturday (Times Approximate)

- 8am to 12pm: Drills; Working on Rate, Angles to Barrels, Spacing from Barrel, Working on Hands, Seat and Legs. And Axis Points (2 barrel or line drill). Everyone on their horses in the arena and warmed up. Bring longer or split reins for this portion of the clinic
- 12pm -1pm: Lunch; Note, schedule times will vary slightly
- 1pm: Barrel Pattern work. Split into 2 Groups for afternoon based on students or horses that need a break and horses that might be going for dentistry.
- 1pm - 3pm: Group 1 with Charmayne and assistants on the Barrel Pattern
- 3pm - 5pm: Group 2 with Charmayne and assistants on the Barrel Pattern

Throughout the day the students who choose to get dental or chiropractic work can do so after checking with Tami Flock.

When group 2 is finished with their barrel work, everyone will meet for a motivational talk, location TBD.

4th Day Sunday

- 8am: Timed Barrel Race - Clinic will come to a close at the end of the barrel race.

Team Members

- Tami Flock (Charmayne's Assistant)
- Toby Osteen (Charmayne's Assistant)

- Dustin Cooksey (Equine Chiropractors)
- Cayle Cutburth (Certified Equine Dentist)

If you want a picture or autograph, please ask at the end of any instruction day, during a drag or the live clock race.

EQUINE DENTISTRY: Charmayne James Barrel Racing Clinics adhere to the laws of each state pertaining to Equine Dentistry.

ADDITIONAL HORSES: While we permit you to change horses during the clinic if your primary horse is hurt or not capable of finishing the day, we do not consent for you to run through the drills on one horse, change horses and run through them again. We encourage you to work with one horse throughout the clinic to focus on the instruction and limit the distractions that comes with readjusting to a different horse.
